

ABSTRACT OF THE DISCLOSURE

**APPARATUS AND METHOD OF COMBINING BOOKMARKS IN DIFFERENT
SUB-FOLDERS INTO A NEW SUB-FOLDER**

5

A method and apparatus for combining bookmarks from different sub-folders into a new sub-folder are provided.

10 Using a keyword, the bookmarks from the sub-folders may be parsed. All the Web pages that contain the keyword may be stored into a new sub-folder. The keyword used in the search may be used as a name for the new sub-folder.
